Tarxien Scout Group

Membership Form

Data Protection:

- i. Contact details such as address and telephone number
- ii. Progress Records – information relating to the training given by the Scout Association of Malta and attained by the child.

The medical information given overleaf is used by the Leaders in charge to assess whether specific activities are suitable for our members and so that they have a point of reference should an accident take place. Medical information is kept confidential and is only disclosed on a need-to-know basis. This relates to information about all types of medical conditions, both physiological and psychological, that your child has been diagnosed with.

Photos and Video are an essential part of the operation of a Scout Group because they allow us to keep visual evidence of our activities and track the history of the Section. The bulk of this material is kept on archive for internal use like logbooks; however we sometimes choose some photos to be published for newspaper/magazine articles or for our website. In all cases, the photos/video kept and published are carefully screened to ensure that they are suitable.

Photographs (digital and printed) and videos which may be held in albums/ log books/ frames/ library and that may be used in the media or on the Section/Group/Association's Website. It is important to note that all information given in this Membership Form will not be given to third parties outside the Scout Association of Malta. In the case of photographs and video, it is our policy that:

- a. Your child will always be shown wearing decent attire and found in a reputable pose.
- b. That your child's full name will not be shown and that he/she will not be identified in any manner.
- c. That no personal contact details will be published enabling third parties to contact or identify your child.
